**Introduction of KAMAZ**

KAMAZ is a Russian truck manufacturer. KAMAZ opened its doors in 1976. Today, heavy duty models are exported to many areas of the world including Eastern Europe, Latin America, the Middle East, Indonesia, India and North Africa. The trucks have won the Dakar Rally a record thirteen times. KAMAZ is the largest truck producer in Russia and 11th truck producer in the world. The factory produces more than 40 000 trucks every year. Reinforced KAMAZ trucks are used by the Russian army, and armies of more than 30 countries. KAMAZ – supplier of UN.

**ADVANTAGES OF THE PRODUCTS MADE BY KAMAZ**

Easy to service, reliable, high quality trucks with low operating costs at good prices;

Meeting any customer requirement;

Extensive and vast sales footprint: KAMAZ vehicles operate under any road and weather conditions, in the areas of the Far North, tropics, desert areas and high mountains.
